Fondness & Admiration

Daily Tools for Cultivating Deeper Connection and Intimacy

The Gottman Institute

WEEK I

Fondness and admiration are crucial to happy relationships. Remembering your partner's positive qualities strengthens the bond between you, even as you struggle with each other's flaws.

A stronger bond makes it easier to address problems and implement solutions. Fondness and admiration are also antidotes to contempt. Maintaining a sense of respect for your partner goes a long way in reducing the effects of the Four Horsemen (contempt, criticism, defensiveness, and stonewalling) when you disagree.

If fondness and admiration for your partner are fading, you can help bring them back with the following exercises. As simple as they may seem, the exercises have enormous power. Do them as often as you wish. If your relationship is already happy, working through the booklet is an excellent way to build on the good feelings between you.
